**EXAMINER'S COMMENT**

***Reasons for Allowance***

1. Claims 1-10 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art fails to disclose or render obvious the claimed combination including a revolution detection means for measuring a time period required for a crankshaft of an internal-combustion engine to revolve for a given angle, and a signal-processing means for detecting misfiring of the internal combustion engine by processing the time period, wherein said signal-processing means comprises: two filters having the same sensitivity to a frequency resulting from misfiring, and differing in the sensitivity to frequencies adjacent to said frequency, and a judgment means for judging that a misfire has occurred when a ratio or difference between outputs of the two filters stays within a fixed range and one or both of the two filters have respective outputs exceeding a threshold value.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Johnny H. Hoang whose telephone number is (571) 272-4843.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Henry Yuen can be reached on (571) 272-4856.
